

2020 Task Order Awards FY11

Category	Description	Start Date
Systems Engineering	Aviation Weather Research Program Support	9/30/2011
Systems Engineering	Integrated Surveillance Support	9/30/2011
Systems Engineering	Spectrum Alternatives Cost Estimation	9/30/2011
Systems Engineering	Financial and Programmatic Support for AJF-14 Comptroller Group	9/30/2011
Research and Mission Analysis	NAS Performance Assessment - Flight Predictability Concept	9/29/2011
Research and Mission Analysis	Greener Skies	9/29/2011
Systems Engineering	En Route and Oceanic Safety Support	9/29/2011
Systems Engineering	ATO-W CM Automation Program Planning & Requirements	9/27/2011
Research and Mission Analysis	Integrated NAS Design and Procedure (INDP) Planning	9/27/2011
Research and Mission Analysis	AJW NextGen Concept of Operations (ConOps) Maturation and Service Analysis	9/26/2011
Systems Engineering	WebCM Sustainment Support and Services	9/23/2011
Systems Engineering	Systems Engineering and Safety Business Operations	9/22/2011
Systems Engineering	NextGen Cost / Benefit Analysis Report	9/22/2011
Systems Engineering	Spectrum Alternatives Safety Assessment	9/21/2011
Systems Engineering	Program Support for NextGen & Operations Strategic and Business Planning Activities	9/21/2011
Systems Engineering	Capacity Analysis Group Support to Operations Research	9/19/2011
Systems Engineering	Capacity Analysis Group Support to Operations Research	9/19/2011
Systems Engineering	NextGen Weather Investment Analysis Support	9/16/2011
Systems Engineering	Relative Position Indicator - Concept and Requirements Definition	9/15/2011
Systems Engineering	Weather Impact Traffic Index	9/15/2011
Research and Mission Analysis	International Harmonization of 4D Trajectories	9/15/2011
Research and Mission Analysis	Required Navigation Performance Representation for System Wide Analysis Capability	9/14/2011
Systems Engineering	NextGen Surveillance and Weather Radar Capability - Engineering Support	9/13/2011
Systems Engineering	Aircraft Access to System Wide Information Management (SWIM)	8/31/2011

FOR INFORMATIONAL PURPOSES ONLY

2020 Task Order Awards FY11

Category	Description	Start Date
Research and Mission Analysis	New ATM Requirements - Future Communications, C-Band and L-Band Communications Study	8/19/2011
Research and Mission Analysis	Composite Enterprise Trajectory (CET) - Shortfall Analysis	8/19/2011
Systems Engineering	Flight Object	8/16/2011
Systems Engineering	JPDO Technical Support	8/10/2011
Systems Engineering	TMA Training Analysis and Design	8/3/2011
Research and Mission Analysis	Surface/Tower/Terminal Concept Engineering	7/22/2011
Systems Engineering	NextGen Performance & Reporting: Metrics Research and Prototype Dashboard Development	7/22/2011
Research and Mission Analysis	NextGen Facilities Research and Analysis	7/21/2011
Research and Mission Analysis	Proof of Concept _ LGA Shared Operational Picture	7/15/2011
Systems Engineering	JPDO NCOD Support to Concept of Operations	7/14/2011
Research and Mission Analysis	AeroMACS Interference Reduction & Spectrum Studies	7/8/2011
Research and Mission Analysis	NextGen Demo & Prototype Support for International Air Traffic Interoperability (IATI) & Oceanic Tactical Trajectory Management (OTTM)	7/8/2011
Research and Mission Analysis	NextGen Policy for Operational Incentives - Traffic Flow Management Focus Area Concept Validation	7/8/2011
Research and Mission Analysis	NextGen Policy for Operational Incentives - Traffic Flow Management Focus Area Concept Validation	7/8/2011
Systems Engineering	Automated Return on Investment Tool for Human Factor (HF) Interventions	6/29/2011
Research and Mission Analysis	4D Advanced Arrivals	6/15/2011
Systems Engineering	Information/Data Management Support	6/14/2011
Systems Engineering	Aviation Weather Office (AWO) Standard Operating Procedures (SOP) Development	6/2/2011
Systems Engineering	Aviation Environmental Design Tool (AEDT) Development	5/31/2011
Research and Mission Analysis	UTLS (Upper Tropopause Lower Stratosphere) Research Program	5/13/2011
Systems Engineering	System Engineering Manual Revision and Update	5/10/2011
Research and Mission Analysis	Traffic Flow Management (TFM) Concept Engineering	4/21/2011
Research and Mission Analysis	System Wide Analysis Capability Development	4/11/2011
Systems Engineering	NextGen JPE Enterprise Architecture and Engineering Support	4/7/2011

FOR INFORMATIONAL PURPOSES ONLY

2020 Task Order Awards FY11

Category	Description	Start Date
Systems Engineering	Traffic Flow Management (TFM) Concepts & Requirements Definition, Investment Analysis and Solution Implementation	4/6/2011
Research and Mission Analysis	JPDO Policy Analysis and Specialized Studies	4/6/2011
Systems Engineering	JPDO Portfolio Analysis	3/17/2011
Systems Engineering	AJF-9 Planning & Business Process Reengineering Support	2/25/2011
Research and Mission Analysis	Evaluation of RTCA Software Assurance Standard DO-278A	2/4/2011
Research and Mission Analysis	Evaluation of RTCA Software Assurance Standard DO-278A	2/2/2011
Systems Engineering	Automated Contingency Tool (ACT2) Support	1/27/2011
Systems Engineering	Systems Engineering Integration	1/27/2011
Systems Engineering	National Aviation Emissions Characterization (AEC) Roadmap	1/26/2011
Systems Engineering	AJF-5 PM Systems Tools Application Support	1/21/2011
Systems Engineering	SWIM Business/Strategic Planning and Communication Support	12/22/2010
Systems Engineering	SWIM Investment Analysis Support	12/3/2010
Systems Engineering	System Engineering Training and Support	12/3/2010
Systems Engineering	Program Management Task Order	10/19/2010
Research and Mission Analysis	RNAV/RNP Terminal Area Demonstration	10/1/2010
Systems Engineering	Reduce Weather Impact (RWI)	10/1/2010
Systems Engineering	NAS Requirements and Interface Management Core Work	10/1/2010
Systems Engineering	Aviation Weather - NextGen Network Enabled Weather (NNEW) Program Support	10/1/2010
Systems Engineering	SWIM Systems Engineering Support	10/1/2010
Systems Engineering	Aviation Environmental Design Tool (AEDT) Development	10/1/2010
Systems Engineering	Security Integrated Tool Suite Scheduling and Safety (SITS)	10/1/2010
Systems Engineering	JRC Investment Process Management Group Support	10/1/2010
Systems Engineering	Further Development and Validation for NextGen Wake Turbulence Research and Development Air Traffic Control Processes	10/1/2010
Systems Engineering	AJP Enterprise System Safety Core	10/1/2010

FOR INFORMATIONAL PURPOSES ONLY

2020 Task Order Awards FY11

Category	Description	Start Date
Systems Engineering	Aviation Weather Research Program Support	10/1/2010
Systems Engineering	WebCM Sustainment Support and Services	10/1/2010
Systems Engineering	Financial and Programmatic Support for AJF-14 Comptroller Group	10/1/2010
Research and Mission Analysis	Future Operations and User Concepts Alternatives	10/1/2010
Systems Engineering	AJF-3 Investment Planning and Analysis (IP&A) Support	10/1/2010
Systems Engineering	Enterprise NAS Configuration Management Support	10/1/2010
Research and Mission Analysis	Composite Enterprise Trajectory - Service Analysis	10/1/2010
Research and Mission Analysis	Aviation Weather - NAS Requirements Development Support Services	10/1/2010
Systems Engineering	Aviation Weather - NAS Policy and Standards	10/1/2010
Systems Engineering	NAS Requirements and Interface Strategic Initiative	10/1/2010
Systems Engineering	AJF-2 Program and Financial Analysis Support	10/1/2010
Systems Engineering	Eddy Dissipation Rate Demo NAS Capacity Cost Benefits Analysis	10/1/2010
Systems Engineering	Flight Data Interface Modernization (FDIM) Concept Requirements Definition and Business Case Development	10/1/2010
Systems Engineering	AVS Acquisition Program Management Office Support	10/1/2010
Research and Mission Analysis	ADSIM+ Modeling and Development- FY10	10/1/2010
Research and Mission Analysis	AWG Weather Integration Technology	10/1/2010
Research and Mission Analysis	Initial Benefits Assessment for Flexible Airspace Management	10/1/2010
Research and Mission Analysis	Airport Traffic Data Analysis	10/1/2010
Systems Engineering	NextGen Integration and Interoperability	10/1/2010
Systems Engineering	NextGen Integration & Implementation (I&I) Performance and Program Management Support	10/1/2010
Systems Engineering	En Route and Oceanic Safety Support	10/1/2010
Research and Mission Analysis	Weather Radar Products Comparison Study In Support of the NextGen Weather Processor (NWP) Analysis	10/1/2010
Research and Mission Analysis	Oceanic Conflict Advisory Trial (OCAT) Planning	10/1/2010
Systems Engineering	NextGen Airborne and Ground Integration Support	10/1/2010
